PANTA RHEI
September 2016

◆ The *Superior Magazine* team from Berlin and London walked on water and followed the invitation by Lars Voigt, co-founder of **Rev House** to his floating penthouse. The luxurious *Rev House* boats are anything but normal houseboats and were the perfect location for a fashion shooting. Read the report about a life on the water by Tom and Milena, see Harry's impressions from the dockyard where *Rev House* builds its houseboats and view the fashion editorial by Yannic which we shot at the houseboat „I'm the boss - Why the hell not" in the *Superior Magazine* App. ■
